Project Proposal

Background

Dokuwu converts this paragraph from PDF to Word. The sentence continues long enough to wrap over several lines, so the converter must join the lines back into one paragraph instead of breaking it at every line end. Numbers like 1,234.56 and symbols such as % & @ must survive. **A red, bold sentence follows the plain text.**

Dokuwu converts this paragraph from PDF to Word. The sentence continues long enough to wrap over several lines, so the converter must join the lines back into one paragraph instead of breaking it at every line end. Numbers like 1,234.56 and symbols such as % & @ must survive.

Goals

1. Reduce manual work
2. Keep every document editable
3. Ship before the end of the quarter

Budget

Item	Q1	Q2
Design	1,200	800
Build	3,400	2,100
Total		7,500
